

Web hosting terms and conditions

Last reviewed 22nd May 2018

The Web Design Shop Ltd, incorporated in England and Wales (Company No 07754873) and with its registered office at 3 Grimsdells Corner, Sycamore Road, Amersham, Buckinghamshire, HP6 5EL, England, offers hosting services to its clients in line with the following terms and conditions:

- The Web Design Shop Ltd reserves the right to suspend or cancel a customer's access to any or all services provided by The Web Design Shop Ltd, where The Web Design Shop Ltd decides that the account has been inappropriately used. The Web Design Shop Ltd reserves the right to refuse service and/or access to its servers to anyone.
- Scripts on the site must be designed to produce web-based content, and not to use the server as an application server. Using the server to generate large volumes of email from a database is an example of activity that is not allowed.
- Sites must not contain scripts that attempt to access privileged server resources, or other sites on the same server.
- You are responsible for all scripts, including 3rd party or open source software that are installed on your web space. In the event of a script that you install causing damage or loss of data to your site or any server resources, we reserve the right to charge you for the time taken to restore the services to the previously working state.
- The primary purpose of any site must be to provide web-based content to viewers. Files on the site must be linked to the website.
- The primary purpose of any script must be to produce a web page. Scripts that send a single email based upon user entered information, or update a database are acceptable. Scripts that send bulk mail or perform processor intensive database processes are only allowed with prior permission of The Web Design Shop Ltd.
- Sites must not contain Warez, copyright or other illegal material. The onus is on you, the customer, to prove that you own the rights to publish material, not for The Web Design Shop Ltd to prove that you do not.
- Sites must not contain pornographic or other lewd material. Adult Material includes all pornography, erotic images, or otherwise lewd or obscene content. The designation of "adult material" is left entirely to the discretion of The Web Design Shop Ltd.
- Sites must not use excessive amounts of server resources. These include bandwidth, processor utilisation and / or disk space.
